

Andean Perch
White Wine
2014

Introduction

From one of Chile's most dynamic wineries, specialising in very competitively priced deals for its importers.

While the plant is situated in the heart of Chile's wine growing area, the grapes come from a variety of different regions in the constant search for attractive, harmonious, easy-drinking wines.

The technical team behind this wine is considered perhaps the best in Chile. With a wealth of experience from which to draw, this wine was prepared using only best practices, supported by state-of-the-art equipment.

We pride ourselves in offering excellent service, the result of an attention-to-detail that is second to none.

Tasting Note

This crisp white wine has hints of tropical fruits on the nose. On the palate it is very fresh, with balanced acidity; and, has subtle notes of peach. A very friendly wine that can go well with a broad range of dishes, specially sushi.
